StÃ©phane,

Thanks for purchasing Chess Openings Wizard Express for Windows.

You'll need to **download** and **run** the program's installer from this link:

<https://chessopeningsoftware.s3.amazonaws.com/6011/ChessOpeningsWizardExpressSetup.exe>

When you first run the program, it will ask for your Product Key:

COWEXPRESS1-KSLV-RSJS-7S

Please do not share your key.

If you get a new computer just go ahead and install your program with your Product Key. It will work on up to three of your computers.

If anything happens with your product key, please contact us and we'll get you fixed up.

Keep your eye out for emails on more updates and video tutorials.
